

BOTANY RAIL DUPLICATION PROJECT

ABOUT THE PROJECT

In May 2018 the Australian Government announced a funding commitment to duplicate the remaining 2.9km section of single freight line track between Mascot and Botany, known as the Botany Rail Duplication Project. The Botany Rail Duplication Project will aim to meet future freight demand and support current NSW government targets to increase the rail mode share.

PLANNING PROCESS

The Australian Rail Track Corporation (ARTC) is delivering the project, and is in the early days of conducting field investigations, and preparing an environmental assessment called an *Environmental Impact Statement*. The project is a State Significant Infrastructure project and is therefore subject to State government approval. We are committed to working closely with the community as the Botany Rail Duplication Project progresses. We are inviting community members and interested stakeholders to attend a community drop-in event to meet the team, hear more about the project and share their feedback on matters for consideration in the Environmental Impact Statement.

We want to hear from you

We are inviting the community and interested stakeholders to meet the project team and have one-on-one conversations about the project, the approval process, future community engagement opportunities, and to hear your feedback on the project.

Community drop-in session:
Wednesday 12 June from 4:00 pm to 7:00 pm
JJ Cahill Memorial School, Sutherland Street, Mascot

The session is of a 'drop-in' style, so you do not need to register to attend, and can arrive at a time between 4:00 pm and 7:00 pm, convenient to you.

We will also be holding on-street pop-up style events to have a quick conversation about the project and seek community feedback. These will be at:

Pop-up session 1: Saturday 1 June 2019 between 8:00 am and 10:30 am at *Booralee Park* on Bay Street, Botany, at the corner of Daniel Street

Pop-up session 2: Tuesday 4 June 2019 between 7:00 am and 10:00 am outside *Fresh @ 1* Coffee Shop on Robey Street, at the corner of Botany Road, Mascot.

CONTACT US

If you are unable to attend the community drop-in session but would like to speak with the project team, you can contact us on:
