

RAIL WORK NEAR YOU

21 April 2021

WHAT ARE WE DOING?

John Holland will be carrying out works on behalf of ARTC in the rail corridor near you, at Warwick Farm.

The works are required to relocate trackside infrastructure and assets. We have limited opportunities throughout the year to access this area due to the rail services that travel in the corridor and will be carrying out this work during a pre-planned track closure.

HOW MIGHT THIS WORK AFFECT YOU?

WHEN: 6am Thursday 29 April 2021, to 6pm Monday 3 May 2021.

Work is taking place during the day only, from **6am to 6pm**.

WHAT: The work involves use of heavy machinery, to ensure activities are performed safely and efficiently. You may experience noisy work during and outside standard work hours, including jack hammering.

Activities include service investigations, piling, structural steel assembly and concrete demolition works. Controls will be in place to manage potential noise impacts.

The work area is shown on the diagram overleaf. A site compound may also be established in **Stroud Park** if required, accessed from **Station Street**.

TRAFFIC: Traffic control near the rail corridor and in part of **Station Street** will manage pedestrian interactions as well as trucks travelling to and from site and the compound.

Heavy vehicles will be using local streets to access the rail corridor. While we will park our vehicles inside the rail corridor where possible, please be aware that on-street parking may be limited near the work site entry at the corner of **Station Street** and **Lawrence Hargrave Road**.

Thank you for your patience while this work takes place. For further information about the work or to provide feedback, please contact Enviroline on 1300 550 402 or Enviroline@artc.com.au.

This document contains important information about road projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on 131 450 and ask them to call the project team on 1300 550 402. The interpreter will then assist you with translation.

CONTRACTOR

**JOHN
HOLLAND**

Location of works – Warwick Farm

Indicative and not to scale

WANT TO KNOW MORE?

ARTC is committed to working with landowners, communities, state and local governments as a vital part of our planning and consultation work, and we value your input. If you have any questions or comments, please let us know.
