

CABRAMATTA LOOP PROJECT

The Cabramatta Loop Project is one of a number of Australian Government initiatives to increase the capacity of Sydney's rail freight network. The Proponent, Australian Rail Track Corporation (ARTC) proposes to construct a passing loop between Cabramatta and Warwick Farm.

An Environmental Impact Statement (EIS) has been prepared, and is on exhibition inviting public comment until **Thursday 26 September 2019**.

ABOUT THE PROJECT

In May 2018, the Australian Government announced its commitment to the Cabramatta Loop Project. The project aims to improve efficiency, flexibility and reliability for freight rail customers, and encourage freight modal shift from road to rail. The project is not associated with passenger train services, which are operated by Sydney Trains.

Key features of the project include:

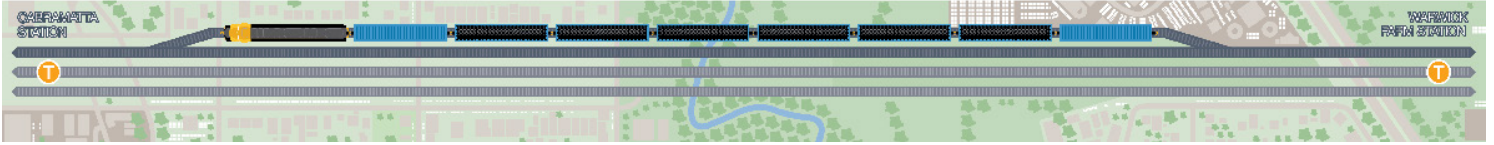

- **new rail track** – providing a 1.65 kilometre long section of new track adjacent to the existing track, with connections to the existing track at the northern and southern ends
- **track realignment** – moving about 550 metres of existing track sideways to make room for the new track
- **bridge works** – constructing two new bridge structures adjacent to the existing rail bridges over Sussex Street and Cabramatta Creek
- **road works** – reconfiguring Broomfield Street for a distance of about 680 metres between Sussex and Bridge streets.

ENVIRONMENTAL IMPACT STATEMENT

The project has been declared State significant infrastructure, and an EIS has been prepared. The EIS describes the key features of the project and assesses its potential environmental impacts during construction and operation, and proposed mitigation measures to manage these impacts. The EIS also documents consultation with the community and key stakeholders during preparation of the EIS.

Now complete, the EIS is on public exhibition until 26 September. Community members and other interested stakeholders are invited to view the document and make a submission to the NSW Department of Planning, Industry and Environment (DPIE).

Find out more

CONSULTATION

The community and interested stakeholders are invited to attend a community information session and talk to the team, ask questions about the project, and discuss potential impacts and mitigation.

COMMUNITY INFORMATION SESSION

**Where: Cabravale Leisure Centre
30 Broomfield St, Cabramatta**

When: Wednesday 18 September, 4pm to 7pm

Copies of the EIS will be available and a range of other materials, to help inform you about the project. This is a drop-in style event. You don't need to register to attend - just drop in. The venue is fully accessible and complimentary parking is available. Access to interpreter services can be provided, if required.

HOW TO MAKE A SUBMISSION

Making a submission through the EIS process is your chance to 'Have your say' and provide feedback on the project. The DPIE have placed the EIS on public exhibition, and submissions must be made directly to DPIE by 26 September 2019.

DPIE prefers to receive written submissions online. To access the online form go to planningportal.nsw.gov.au/major-projects and follow the steps.

If you cannot lodge your submission online you can write to:

**Planning Services, Department of Planning,
Industry and Environment
GPO Box 39
Sydney NSW 2001**

Noting: the application name is 'Cabramatta Loop Project' and application number is 'SSI-9186'.

VIEW THE EIS

The EIS can be viewed online at the DPIE website www.planningportal.nsw.gov.au/major-projects/project/10231

A summary of the EIS is available on our website www.artc.com.au/projects/cabramatta-loop-project

Hardcopies of the EIS are available to view at:

Fairfield Council

Administration Centre, 86 Avoca Road, Wakeley

Whitlam Library

165 Railway Parade, Cabramatta

Liverpool Council

Administration Centre, 33 Moore Street, Liverpool

Liverpool Library

Library Plaza, 170 George Street, Liverpool
