

# CABRAMATTA LOOP PROJECT

20 January 2022

CLP\_06

The Cabramatta Loop Project will increase rail freight capacity on the Southern Sydney Freight Line by allowing freight trains travelling in either direction to pass each other.

Together with the Botany Rail Duplication, it will build capacity to meet predicted growth in demand for freight to be carried on rail between Port Botany and metropolitan freight intermodal terminals. Fulton Hogan is designing and constructing the Cabramatta Loop Project for ARTC.

In 2022, our contractor Fulton Hogan will begin the major construction works for the Cabramatta Loop Project. For more information visit [cabramattaloop.com.au](http://cabramattaloop.com.au)

## RAIL CORRIDOR WEEKEND TRACK WORK

We have limited opportunity throughout the year to access the rail corridor. On the weekend of **28 – 31 January 2022**, between **10.30pm Friday** and **2am Monday**, there will be a pre-planned railway track closure.

Activities during this closure will include signalling work and design investigations. We will also be removing the remaining trees on Broomfield Street within the rail corridor, along with some trees within Jacquie Osmond Reserve which are close to the rail line. All work, except tree removal in Jacquie Osmond Reserve will be done within the rail corridor.

We will work to minimise disruption to you during this time, however there will be some construction related noise and vibration. During night works, we may also need to use additional, temporary lighting to enable our crews to work safely.

The work will require **temporary** closure of:

- Approximately 10 car parking spaces in the Railway Parade carpark, opposite Cabramatta Plaza (see map on next page)
- Approximately 20 car parking spaces in Broomfield Street (opposite the Cabravale Leisure Centre) to allow equipment and trucks to safely enter and exit the rail corridor
- Approximately 30 car parking spaces in the commuter car park near Warwick Street, Warwick Farm.

**Parking spaces will be reinstated on Monday morning, 31 January 2022.**

## BROOMFIELD STREET WORKS UPDATE

Planned traffic changes in Broomfield Street have been rescheduled to start from 31 January 2022.

Work on underground service upgrades and relocations, storm water drainage improvements, earthworks, pavement construction and concrete works (cutting and pouring) is now expected to begin early to mid-February 2022.

Translation and Interpretation Services

Please call **131 450** and ask them to call the project team on **1300 550 402**.

Vietnamese

Dịch vụ Thông Phiên Dịch – vui lòng gọi số 131 450 và nhờ họ gọi cho toán phụ trách dự án qua số 1300 550 402.

Chinese Simplified

翻译与传译服务——请致电131 450，并请他们接通项目团队电话1300 550 402。

Arabic

خدمة الترجمة التحريرية والشفهية - اتصل على الرقم 131 450 واطلب منهم الاتصال بفريق المشروع على الرقم 1300 550 402.

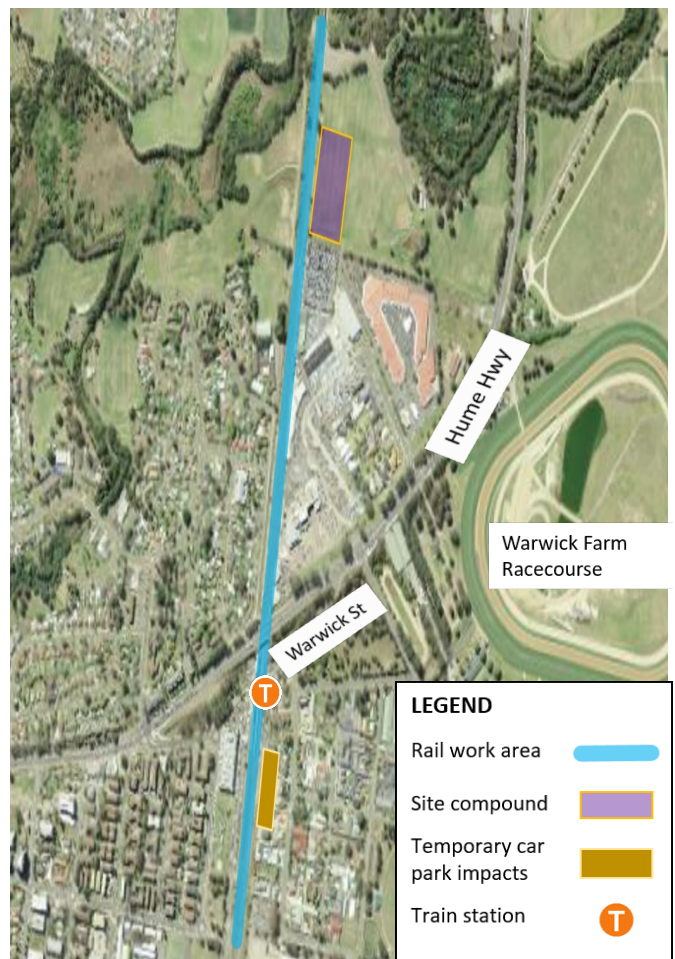

Khmer

សេវាកម្មបកប្រែភាសា - សូមទូរស័ព្ទទៅលេខ 131 450 ហើយសុំឱ្យគេទូរស័ព្ទទៅក្រុមការងារគម្រោងភាសាលេខ 1300 550 402។

Chinese Traditional

翻譯與傳譯服務——請致電131 450，然後要求他們接通項目工作組電話1300 550 402。
