

# CABRAMATTA LOOP PROJECT

February 2023

CLP\_24

The Cabramatta Loop Project will increase rail freight capacity on the Southern Sydney Freight Line by constructing a new 1.65km section of track, allowing freight trains travelling in either direction to pass each other. Fulton Hogan is designing and constructing the Cabramatta Loop Project for ARTC.

## RAIL CORRIDOR WEEKEND TRACK WORK

We have limited opportunities throughout the year when we can access the rail corridor. From **4 to 5 February 2023**, between **6.00am Saturday** and **6.00pm Sunday**, pre-planned railway track construction activities will take place inside the rail corridor for the Cabramatta Loop Project.

We will be working on the rail network opposite Station Street Warwick Farm and Sussex Street, Cabramatta and at train signal locations between Lansvale and Liverpool. Construction activities will include signal cable installation work, excavating, earthworks and drainage installation. Diagrams showing the locations of the work can be found on **page 2** of this letter.

## EQUIPMENT

Equipment used will include excavators, tipper trucks, compaction equipment, construction vehicles and work trucks.

## HOW MIGHT THIS WORK AFFECT YOU?

This work may be noisy at times, however every effort will be made to keep noisy works to a minimum and reduce impacts to the community wherever possible. Some of the measures we will use include turning off equipment when not in use, setting up noise blankets around work sites where possible and using non-tonal ('white noise') reversing alarms on vehicles. Works will be monitored to make sure noise levels are being managed effectively. You can find out more information about noise and vibration in the fact sheet on our website [cabramattaloop.com.au](http://cabramattaloop.com.au).

## CONTACT US

Please contact the project team if you have any enquires, concerns or feedback. We appreciate your continued patience and understanding while we carry out this important work.

Due to the frequent wet weather we are experiencing, the project area is subject to flooding and the timing of these works may change. Please contact the project team if you have any concerns. We appreciate your continued patience and understanding while we carry out this important work.

To provide feedback about these works, or to let us know your preferences for working times, durations or respite measures, please call our 24-hour Enviroline on 1300 550 402, email [cabramattaloop@fultonhogan.com.au](mailto:cabramattaloop@fultonhogan.com.au) or mail PO BOX 6099, Alexandria NSW.

## MAPS SHOWING WORK LOCATIONS
