

# CABRAMATTA LOOP PROJECT

June 2023

CLP\_34

The Cabramatta Loop Project will increase rail freight capacity on the Southern Sydney Freight Line by constructing a new 1.65km section of track, allowing freight trains travelling in either direction to pass each other. Fulton Hogan is designing and constructing the project for ARTC.

## OUT OF HOURS WORK FOR SEWER CONNECTION ACTIVITIES

We are planning to work outside standard construction hours within the rail corridor in Cabramatta and Warwick Farm to carry out sewer connection activities. A map of the work area is shown on page 2 of this notification.

Information about dates, locations and work activities is listed in the table below. Works will occur between **6pm** and **7am**, weather permitting.

LOCATION	DATES	WORK ACTIVITIES
Within the rail corridor near Railway Parade, Warwick Farm	Three nights between 26 June and 7 July 2023.	Excavating an area to connect a new sewer pipe to the existing sewer network and backfilling the area to surface level.
Within the rail corridor near Peter Warren, Cabramatta		

## EQUIPMENT

The equipment to be used will include construction vehicles, excavators, lighting towers, vacuum trucks and hand tools.

## HOW MIGHT THIS WORK AFFECT YOU?

Some of this work may be noisy and disruptive, however every effort will be made to keep noisy works to a minimum and reduce impacts to the community wherever possible. Some of the measures we may use include turning off equipment when not in use and using non-tonal ('white noise') reversing alarms on vehicles.
