

NARRABRI TO TURRAWAN LINE UPGRADE

4 March 2024

WHAT ARE WE DOING?

The Narrabri to Turravan Line Upgrade (N2TLU) involves the upgrade of 35km of track between the Hunter Valley Coal Network and Narrabri North.

Works include the replacement of existing steel and timber sleepers with heavy duty concrete sleepers, replacement of the existing rail with upgraded rail, and earthworks.

OUT OF HOURS WORK IN THE RAIL CORRIDOR

We are planning to work outside standard construction hours within the existing rail corridor between Narrabri North and Turravan. Maps of the work locations near you are shown on the following pages in this notification.

Rail grinding removes surface defects and restores the profile of the rail. This work needs to take place overnight (between **6pm and 6am**), because the cooler temperatures are more suitable for this work.

Information about dates, locations and work activities is listed in the table below.

LOCATION	DATES	WORK
Various locations in the rail corridor between Narrabri and Turravan	<ul style="list-style-type: none">6pm, Sunday 17 March to 6am, Monday 18 March 2024	Rail grinding

EQUIPMENT

The equipment to be used will include: rail grinder, excavators, road/rail trucks, road/rail 4WDs and power hand tools.

WORK DURING STANDARD HOURS

Set up and demobilisation activities will take place during standard construction hours in the lead up to and following the out of hours work described above, at various locations in or near the rail corridor between Narrabri and Turravan. Work hours are **7am to 6pm Monday to Friday** and **8am to 1pm Saturday**, weather permitting.

HOW COULD THIS WORK AFFECT YOU?

This work may be noisy and disruptive, however every effort will be made to keep noisy works to a minimum and reduce impacts to the community wherever possible. Some of the measures we may use include turning off equipment when not in use and using non-tonal ('white noise') reversing alarms on vehicles.

CONTACT US

To provide feedback about these works, working times, durations or respite measures, **please call our 24-hour Enviroline on 1300 550 402 (mention 'Narrabri to Turrawan')** or by emailing **nswprojects@artc.com.au**. You can find out more information about the project and upcoming works by visiting our website **artc.com.au/n2tupgrade**.
