

NARRABRI TO TURRAWAN LINE UPGRADE

20 March 2024

WHAT ARE WE DOING?

The Narrabri to Turrawan Line Upgrade (N2TLU) involves the upgrade of 35km of track between the Hunter Valley Coal Network and Narrabri North. Works include the replacement of existing steel and timber sleepers with heavy duty concrete sleepers, replacement of the existing rail with upgraded rail, and earthworks.

OUT OF HOURS WORK IN THE RAIL CORRIDOR

We are planning to work outside standard construction hours (including nightworks) within the existing rail corridor, between Baan Baa and Turrawan North, from **3 to 7 April 2024**. A map of the work locations is shown on the next page in this notification.

Information about dates, locations and work activities is listed in the table below.

LOCATION	DATES	WORK
Various locations in the rail corridor between Baan Baa and Turrawan North	<ul style="list-style-type: none">6am, Wednesday 3 April to 6am, Sunday 7 April 2024	Re-railing (including dragging rail, rail cutting and welding) and clean-up works (removal of sleepers)

EQUIPMENT

The equipment to be used will include: excavators, front end loaders, road/rail trucks, road/rail 4WDs and power hand tools, including rail saws.

TRAFFIC CHANGES

Greylands Road level crossing will be closed during the works and traffic control will in place. Access to Greylands Road via the Kamilaroi Highway will be available at the Turrawan level crossing.

WORK DURING STANDARD HOURS

Set up and demobilisation activities will take place during standard construction hours in the lead up to and following the out of hours work described above, at various locations in or near the rail corridor between Baan Baa and Turrawan North. Work hours are **7am to 6pm Monday to Friday** and **8am to 1pm Saturday**, weather permitting.

HOW COULD THIS WORK AFFECT YOU?

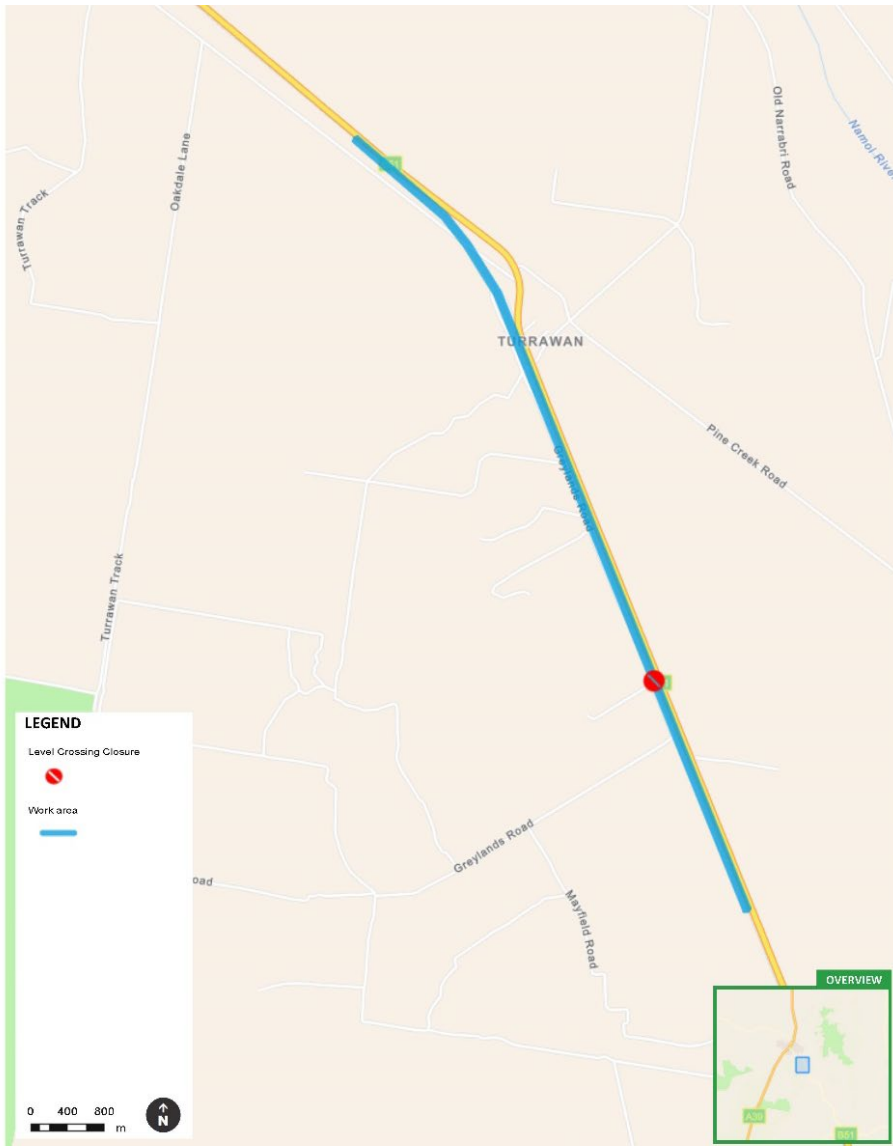

This work may be noisy and disruptive, however every effort will be made to keep noisy works to a minimum and reduce impacts to the community wherever possible. Some of the measures we may use include turning off equipment when not in use and using non-tonal ('white noise') reversing alarms on vehicles.

CONTACT US

To provide feedback about these works, working times, durations or respite measures, **please call our 24-hour Enviroline on 1300 550 402 (mention 'Narrabri to Turrawan')** or by emailing nswprojects@artc.com.au. You can find out more information about the project and upcoming works by visiting our website artc.com.au/n2tupgrade.
